# 1 Introduction

The intention of this document is to give an overview of the organisations that are part of the EasyGo operations, use the EasyGo infrastructure or have roles related to the support of the EasyGo infrastructure and services. These are:

- **General Parties**  
The General Parties of EasyGo consist of Toll Chargers (TC) which have signed the Joint Venture Agreement (JVA) and are represented in the EasyGo Steering Committee.
- **Limited Parties**  
A Limited Party is a TC that has signed an adhesion agreement to the EasyGo JVA instead of the JVA itself. A Limited Party is not represented in the EasyGo Steering Committee.
- **Toll Service Providers**  
EasyGo Toll Service Providers (TSP) have signed the Toll Service Provider Agreement (TSPA) and their contracts / OBEs are accepted by all EasyGo TCs, including General Parties and Limited Parties. Only Brobizz and ØresundPAY can act on the basis of the TSPA. All Norwegian TSPs lost this status when NPRA left EasyGo on 1 July 2022. The TSPA agreement with DARS is not valid)
- **External Toll Chargers**  
External TCs are TCs which have an agreement with one or more EasyGo TSPs and exchange data with the TSP(s) via the EasyGo HUB. They are not part of the EasyGo service and have neither signed the JVA nor the adhesion agreement. Only one Toll Charger have this status - CPH Parkering - TMS based on an agreement with ØresundPAY.
- **External Toll Service Providers:**  
External TSPs are TSPs which have an agreement with one or more EasyGo TCs and exchange data with the TC(s) via the EasyGo HUB. They are not part of the EasyGo service and have not signed the TSPA. All Service providers have one or more bilateral agreement with a TC and all have the status of a EETS providers).
- **Others**  
Other organisations which have a role in the EasyGo operation or support the EasyGo infrastructure and services.

Each of these groups of organisations are listed in the following chapters. The relations between these groups are illustrated below.

**Figure 1 – Relations between EasyGo parties and external TCs and TSPs**

## 2 General Parties

As of the date on the front page of this document the following TCs have the status of a General Party:
